NOT THE COMING MAN.

When Cleveland announced in the Legislature, a few days ago that, in his judgment, DeLong was the coming man for United States Senator in 1875, it seems he was premature and spoke without the card. Cleveland, it will be remembered was and still is an anti-Jones Republican, and hence as a matter of course was not on the inside with the dominant and ruling element of his party. It is now well understood that no man can hope to reach that position inside the Republican ranks, two years hence, who was not a warm and active supporter of Jones in the late canvass and up to the day of his election; as Jones' friends comprise nine-tenths of the organization and hold all the political machinery of the party in their hands. It is generally conceded that Jones and the Crown Point mine have it in their power to name the successor to Stewart, and that the favored individual will be neither Stewart nor DeLong, but some one of the zealous henchmen of Jones in the late canvass. J. T. Goodman, of the Virginia Enterprise, it is now thought by many, will stand the first chance to win the favor and support of Senator Jones and may therefore be counted upon as the coming man instead of C. E. DeLong.

ANNUITIES TO INDIANS.—There is general complaint being made by the newspapers in all parts of the State that swindling contractors are defrauding the Indians in the grossest manner of the trifling annuity which the Government has undertaken to pay them, as a sort of compensation for the surrender of the supposed title which they once held to the lands within the limits of our State. The annuity of Government to the Shoshone tribe alone amounts to \$5,000 per annum which, if properly invested and honestly distributed, would be of some benefit to them, but as it is \$4,500 of the five thousand goes into the hands of manipulators who claim to be the representatives of this great and bountiful Government. The press of the State should unite in an effort to keep this matter before the public until a reform is effected by those having charge and direction of the matter at headquarters.

NO MORE DIVORCES BY COLLUSION.—A practice has prevailed to a considerable extent in California, where parties had grown weary of the matrimonial yoke, for the husband to allow himself to be detected in the unlawful embraces of some member of the frail sisterhood, when all that the injured wife had to do was to go into Court and charge and prove adultery, and the decree of separation was granted, and both parties were set at liberty. This convenient method of dissolving the marriage tie has been effectually terminated by the provisions of the new Code, which contains a stringent provision against adultery, which makes it rather dangerous for discontented husbands to attempt to supply testimony in the way above indicated. Some heavy penalties have already been imposed by the Courts of that State for violations of the new Code.

THE GOSPEL MINISTERS TRAVELING on the Union Pacific Railroad having been outrageously fleeced by three-card monte sharps complained so loudly to the management of their treatment that an order was made by the company excluding them from the trains altogether. Being thus prevented from plying their vocation in that section they have changed base and are now operating very successfully on the Central Pacific road between Elko and Ogden. It is astonishing that men of ripe years and experience can be found sufficiently verdant to hazard and lose their money in that way.

VITRIOL THROWING.—Mrs. Chesler, of Mountain City, says the Elko Independent of Jan. 25, was brought down from that place last evening for an assault upon Jas. A. McLaughlin. On the evening of the 23d she threw a cup of vitriol into his face, from the result of which he will probably lose one of his eyes. Mrs. Chesler was examined before Justice Smith and bound over to await the action of the Grand Jury. Her bail was fixed at \$1,000.

THE ELKO INDEPENDENT, of January 25, comes to hand a good deal enthused over the prospects of a narrow gauge railroad from that place to Hamilton. It expresses great confidence that there will be no failure this time, as the present parties who have the matter in charge have abundant means and know no such word as fail.

NO EPIZOOTIC.—The Elko Independent of the 25th instant boasts that there is no epizootic in that town, and that teams are being regularly loaded with all freight which arrives at that point intended for this and other markets south of that place.

Telegraphic Dispatches.

PACIFIC COAST.

San Francisco, Jan. 29.—Two of the five prisoners who escaped from the County Hospital, to which they had been removed from jail, have been recaptured.

The trial of Joel H. Mansfield for attempting to murder his lover, Mary Hein, by shooting her on the 8th of June last, is still pending in the Municipal Court.

Thomas Ford, under arrest for driving a horse to death, will be tried to-morrow.

Special Agent Cohen and several experts appointed by Collector Shannon are all at work on the books of the sugar refineries seized by the U. S. Marshal on Monday. The examination is private.

Henry Howard and John Tuers had a quarrel, when Howard struck Tuers and then drew a pistol. Tuers ran up stairs and Howard was disarmed. This evening they met again near the Opera House, and another altercation ensued, during which Tuers fired a pistol at Howard, but missed him and hit James Dowling, the well known stage manager, in the back, passing nearly through and inflicting probably a fatal wound. Tuers was arrested and Dowling taken to the Hospital. They had been friends, and fell out about some melodeon girl.

Los Angeles, Jan. 29.—About 9 o'clock a Chinese cook was found shot through the left side and right thigh; severely injured. A man named Bayhaut was also mortally wounded. It is supposed that Bayhaut, after shooting the cook, shot himself, the ball entering the brain, from the effects of which he died in an hour.

San Francisco, Jan. 30.—Coroner's jury accuse Dennis Coleman of manslaughter for beating his wife till she died. In extenuation he pleaded that that she drank to excess and neglected her household duties.

Rain commenced falling briskly here about midnight, and still comes down at intervals. It helps the farmers, whose fields show the need of rain.

Steamer Montana has arrived from Panama, with the Peruvian Embassy for Japan and China on board. Members of the legation will remain here several days. The Montana met with no accidents or delays.

San Francisco, Jan. 30.—Jas. Dowling, shot by John Tuers last night, died this evening at St. Mary's Hospital.

EASTERN.

New York, Jan. 29.—It is announced that arrangements of the syndicate for a negotiation of the five per cent. funded loan has so far progressed that books for subscription will probably be opened in Europe and America as early as the 4th prox., to remain open only three or four days. It is thought this will be sufficient to complete the entire loan.

The investigation into the conduct of officers of Bremen ship Argonaut, on recent trip from Bremen, is progressing at Castle Garden. Passengers testify to the intoxication and brutality of the captain and other officers.

James L. Benedict is appointed Surveyor of the Port.

The directors have decided to put the Atlantic Mail Co. in liquidation. Liabilities probably \$400,000; assets, about \$350,000.

Buffalo, Jan. 30.—Gov. Dix refuses to interfere in the case of John Gaffney, sentenced to be hung Feb. 7.

Topeka, Kan., Jan. 30.—The Legislature to-day elected John Ingalls, of Atchison, U. S. Senator by 115 to 16 scattering. Pomeroy received no vote. An immense sensation was created by Senator York rising to a personal explanation and stating that in order to unmask Pomeroy he had several meetings with him, and had agreed to sell his vote for \$8,000. York produced seven \$1,000 packages and handed them to the Secretary of the joint convention. Motion for recess, to allow Pomeroy to defend himself, defeated by large majority.

Halifax, Jan. 30.—Severe gale and snow storm, with lightning, commenced last night, and continued till to-day. Trains east and west blocked.

Boston, Jan. 30.—In House to-day the bill to prohibit sale of malt liquors was passed to third reading by 145 to 45; will doubtless become a law.

New York, Jan. 30.—Edward Simonds, of this city, states that when he was superintendent of rolling stock of the Union Pacific Railroad here, from '65 to '71, second-hand locomotives were sold to the company, by P. G. Butler, of Boston, as first-class engines, the company paying sixteen or seventeen thousand dollars apiece for them, notwithstanding his report that the engines were dear at \$5,000 and besides unfit for any decent road. Other second-hand stock was also purchased in this way.

At a meeting of some patriotic Cubans yesterday, it was proposed to raise a fund for an expedition to the Island. It is thought New Orleans will be chosen as the place whence the next expedition will start.

The failure of the Pacific Steamship Company here to receive news of the arrival of steamer Alaska at Yokohama is not regarded by the officials as any indication of disaster to the steamship, as there are various reasons why the company would not yet be advised of her movements.

John W. Brodie, journalist, died yesterday.

Cincinnati, Jan. 30.—The steam tannery of Martin, Evans & Co. burned yesterday. Loss, \$40,000; no insurance.

Serious trouble is anticipated at the municipal election at Lexington, Ky., to-day. It is said the negroes will not be allowed to vote unless they have previously paid taxes, and that nearly all colored voters tendered taxes to the Collector, who refused to receive them. A company of the 16th U. S. Infantry was sent there yesterday to keep the peace. Gen. Murphy, Marshal of the State, is expected, with a number of deputies.

Paris, Jan. 30.—A large police force last night proceeded in detachments to Mont Martre and quietly surrounded the suspected quarters. They arrested 42 alleged Internationalists. During the time all persons passing on the streets occupied by the police were arrested.

The final protocol treaty of commerce between France and Great Britain was signed this afternoon.

A special telegram from Rome to the Liberte newspaper says the Pope told M. Corcelles, present French representative at the Vatican, that he would leave Rome if the establishment of the head of religious orders was suppressed by the Italian Government.

Madrid, Jan. 30.—Disturbances among artillerymen at Tarragon have been renewed. Government threatens to treat malecontents with rigor.

Petitions to Congress for the abolition of slavery continue to come in from all parts of the kingdom.

Berlin, Jan. 30.—Several German newspapers report the death of the Empress Carlota, at Dresden.

GONE BACK ON HIM.—Some surprise was expressed during the progress of the late campaign in this State, by persons familiar with the situation, that Adolph Sutro, of the famous Sutro Tunnel, should give a warm and zealous support to John P. Jones for the United States Senate. As Sutro was also supporting Kendall against Goodwin on account of the well-known friendship of the former to his tunneling enterprise, it was surmised that Jones had also promised Sutro material aid, should he once reach the distinguished position to which he aspired. Some remarks let fall by Jones, in his late speech before the Legislature at Carson, have fallen like a wet blanket on the hopes and prospects of Sutro for aid from that quarter, if he ever entertained any, and we may therefore soon expect to see Sutro's love to hatred turned.

Of course the outside world has no adequate means of determining just what was the motive of Sutro's support, but as self interest is usually at the bottom of all deliberate acts done and performed by corporations, it is safe to say that Sutro relied upon substantial aid from the new Senator, which he will fail to get if we read the signs of the times aright.

SOME UNCONSCIONABLE WRETCH has made a corner on dogs at Elko, the result of which is that the streets are literally piled with their dead carcasses, whereat the owners of some valuable purps are in deep tribulation and threaten vengeance on the perpetrators.

THE next Episcopal Bishop to be consecrated in the United States will be the one hundredth in the line of American succession.

MASTER EDWIN A. STEVENS, of Hoboken, N. J., now aged 17 years, will attain upon his majority an estate valued at \$40,000,000, and come into ready cash to the amount of \$4,000,000. The lad seems to be a simple, unfeigned soul and fair prey. But he has a mother who is "still a young woman"—a reliable dragon to watch over this apple of her eye, the winning of whom will be all in that of the young lady readers of these lines.

We noticed, says the Virginia Chronicle, a wagon loaded with provisions, mining tools, etc., starting out for the new mining district about fourteen miles from the city. A party of miners were also being sent out to open up the Golden Eagle mine, located a short time since by John P. Jones, Al. McCausland and others, who are jubilant over their prospects and results of recent assays from their mine.

THE Texas Pacific Railroad is reported as intending to locate its bridge across the Colorado, near Arizona City.
